

RESPONSE PHYSIO FCP SERVICES

FLEXIBLE, COST-EFFECTIVE PHYSIO SOLUTIONS
FOR PRIMARY CARE

Our Approach to FCP Services

We can deliver an end to end, fully managed FCP service, embedded inside primary care settings to improve patient care while protecting GP resources.

Our nationwide FCP services have been tried and tested, adapted and refined to comply with HEE and NHS England guidelines.

- Tailored service to meet the demographics and operational needs of each PCN and GP practice
- Core hours (47 weeks per year): Monday – Friday 8am – 6pm.
Extended hours option (47 or 52 weeks per year): evenings 6pm – 8pm & weekends
- Flexible management fee options to meet your budgetary requirements
- Face-to-face and virtual consultations, central hub, GP practice or remote delivery options
- Dedicated account manager on hand to help you and your team throughout the process
- GP practice team education and marketing support
- Marketing and education of FCP service for patients
- Data analysis and management reporting

Why Choose Response for your Physio FCP Services

For over 20 years, we have been providing MSK physiotherapy across the UK to individuals, businesses, and the NHS, gaining extensive experience in providing FCP physiotherapy within PCNs.

Our physiotherapists have proven themselves as important members of expanding general practice teams responsible for delivering optimal services, and we are proud to be able to support the NHS by meeting the challenges.

“

We have found Response to be a very approachable and easy organisation to work with, delivering FCP service to our 125,000 patients. We spent a lot of time exploring options but have been very pleased with our decision to work with Response.

Dr Matthew Jelpke FRCGP – Clinical Director, Rushcliffe PCN

”

We have a nationwide team of experienced FCP physiotherapists with a strong focus on governance and clinical development.
